II.1.2) Main CPV code

71356200 Technical assistance services

II.1.3) Type of contract

Services

II.1.4) Short description:

EU for Environment: Promoting Waste Source Separation in Four Regions (Pančevo, Srem — Mačva, Duboko and Pirot)

II.1.6) Information about lots

This contract is divided into lots: no

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: 600 000.00 EUR

II.2) Description

II.2.3) Place of performance

NUTS code: RS Srbija/Србија / Serbia

II.2.4) Description of the procurement:

The purpose of this contract is to provide technical assistance to national and local authorities to promote source separation of waste at a household level through communication and visibility activities in targeted cities/municipalities across four (4) waste management regions (RWMCS) in Serbia (Pančevo, Srem — Mačva, Duboka and Pirot).

It is part of a program named 'Source Separation in four Regions' of investment to supply equipment for waste collection (bins and containers) and for transportation (refuse collection vehicle — RCVs) that will enable local waste operators (PUCs) to organise systematic collection and transport of dry municipal solid waste fraction — recyclables, from households to the waste transfer stations or directly to secondary separation line at the four RWMCs:

'Duboko', 'Pirot', 'Srem — Mačva' and 'Pančevo'.

Under this contract, the Contractor is expected to provide following main services:

- 1) an insight study into local attitudes, understanding and willingness to participate in household waste separation, including a public opinion survey;
- 2) an communication strategy defining a co-ordinated approach for the whole 'Source Separation in four Regions' program and individual action plans for each of the participating local authorities;
- 3) a 'Tool Box' of communications materials that can be used at a local level to implement the action plans.
- 4) produced and delivered communication materials to the Ministry of Environmental Protection and each city/ municipality to support implementation of the campaign;
- 5) technical assistance for the implementation of the public information campaign.

Specific tasks related to output 5 are likely to include but not be limited to:

- support the local institutions, the MEP-DPM and other Project partners with the implementation of the strategy and action plans, media and information campaigns in each city/municipality,
 - the contractor is to establish at least 17 working groups which consist local authorities and local and regional PUCs at the local level to support media campaign,
 - direct support to 17 local authorities will include organising at least 34 high level public events (i.e. at least 2 in each city/municipality),
 - direct support in media buying time in local and national media in line with output 2
 - follow-up and reporting on progress of public information campaign as well as recommendations for improvements including developing media lists,
 - further communication support on environmental issues to the MEP-DPM and other project partners, if required;
- 6) a follow up comparative survey of public opinion on waste separation in participating local cities/ municipalities.

II.2.5) Award criteria

Quality criterion - Name: Technical quality / Weighting: 80

Price - Weighting: 20
