Two major prerequisites have to be considered for this project. Firstly, it should be implemented in the context and the spirit of the National Judicial Reform Strategy and its Action Plan. All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (ie, the leader and all other members) are jointly and severally liable to the Contracting Authority.

## **13. Number of applications**

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

#### **14. Shortlist alliances prohibited**

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the Contracting Authority has been obtained (see Practical Guide - PRAG- 2.4.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

#### **15. Grounds for exclusion**

### **SELECTION AND AWARD CRITERIA**

#### **21. Selection criteria**

Same criteria for legal and natural person

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided.

a) The average annual turnover of the candidate over the last three years (2011, 2012 and 2013) must be at least 2.100.000 EUR

b) Average current ratio (current assets/current liabilities) over the last three years (2011, 2012 and 2013) must be at least 2

2) **Professional capacity of candidate** (based on items 4 and 5 of the application form)

a) At least ten (10) permanent staff currently works for the candidate in field of justice.

3) **Technical capacity of candidate** (based on items 5 and 6 of the application form)

(a) The candidate has provided services under at least two contracts (with a proportion of the contract carried out by the legal entity being at least EUR 1.000.000, e.g. at least 50% in case of overall contract value of EUR 2.000.000) in the field of capacity building in the judicial system which were implemented at any moment during the following period: in the course of the past 3 years (starting from 1<sup>st</sup> of January 2011 up to the deadline for receipt of application).

For the criteria under 21.3) this means that the project the candidate refers to could have been started or completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. Candidates are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. In the first case the project will be considered in its whole if proper evidence of performance is provided (statement or certificate from the entity which awarded the contract, proof of final payment). In case of projects still on-going only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (similarly to projects completed) also detailing its value. If a candidate has implemented the project in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which caused breach of contract and termination by a Contracting Authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

1) The total number of the reference projects found eligible under 21.3 and in case of equality on this criterion, then

2) The value of the eligible part (the proportion carried out by the candidate) of the projects found eligible under 21.3.

## 22. Award criteria

Best value for money.
